

PH Camps Safeguarding & Child Protection Policy and Procedure

1. Policy Intent and Scope

- 1.1 PH Camps are committed to building a 'culture of safety' in which the children in our care are protected from abuse, harm, and radicalisation whatever their age, culture, disability, gender, language, race, religion / belief and / or sexual orientation.
- 1.2 Safeguarding and promoting the welfare of all the children in our care is **ALL** staff's responsibility. Everyone who comes into contact with the children in our care and their families has a role to play. To fulfil this responsibility effectively, all staff should make sure their approach is child centred. This means that they should consider, at all times, what is in the best interests of the child.
- 1.3 Safeguarding and promoting the welfare of children is defined in the Department of Education 'Keeping Children Safe in Education' guidance (1st September 2023) as:
- Protecting children from maltreatment;
- Preventing the impairment of children's mental and physical health or development;
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- Taking action to enable all children to have the best outcomes;
- 1.4 There is a Designated Safeguarding Lead (DSL) available at all times while the clubs (Breakfast clubs, after school clubs and Summer Camps) are in session. The DSL coordinates safeguarding, and child protection issues and liaises with external agencies (e.g., Social Care and Ofsted) if necessary.
- 1.5 The company DSL is Nick Herbert with Pete Hickerton, Peter Drew and Abbie Morrissey acting as Deputy Designated Safeguarding Leads (DDSL's) and site leaders operating as site DDSL's.
- 1.6 PH Camps will respond promptly and appropriately to all incidents or concerns regarding the safety of a child that may occur. PH Camps's child protection procedures comply with all relevant legislation and with guidance issued by the safeguarding partnership groups in the geographical locations that we operate in formerly known as the Local Safeguarding Childrens Boards (LSCB's).

2. Child abuse and neglect

- **2.1** *1 Abuse: is a form of maltreatment. Abuse or neglect can be caused by inflicting harm or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Abuse may occur within a family or in an institution or community setting by those know to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Abuse can be inflicted by an adult or adults or by another child or children.
- **2.2 Emotional Abuse**: This is persistent emotional maltreatment such as to cause severe and adverse effects on another's emotional development. It may involve conveying to someone that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include:
 - Not giving the person opportunities to express their views;
 - Deliberately silencing them or 'making fun' of what they say or how they communicate.
 - Feature age or developmentally inappropriate expectations;
 - May involve seeing or hearing the ill-treatment of another;
 - May involve serious bullying (including cyberbullying), causing frequent feelings of fear or danger;
- **2.3 Neglect**: is the persistent failure to meet basic physical and/or psychological needs, likely to result in the serious impairment of health or development. Neglect may involve a parent or carer failing to:
 - Provide adequate food, clothing, and shelter (including exclusion from home or abandonment);
 - Provide protection from physical and emotional harm or danger;
 - Ensure adequate supervision (including the use of inadequate caregivers); or
 - Ensuring access to appropriate medical care or treatment;
- **2.4 Physical Abuse**: is a form of abuse that may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
- **2.5 Sexual Abuse**: involves forcing or enticing a child to take part in sexual activities. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse.

2.6 Signs of child abuse and neglect

Signs of possible abuse and neglect may include:

- Significant changes in a child's behaviour;
- Deterioration in a child's general well-being;
- Unexplained bruising or marks;

- Comments made by a child which give cause for concern;
- Reasons to suspect neglect or abuse outside the setting, e.g., in the child's home, or that a girl
 may have been subjected to (or is at risk of) female genital mutilation (FGM), or that the child may
 have witnessed domestic abuse;
- Inappropriate behaviour displayed by a member of staff, or any other person. For example, inappropriate sexual comments, excessive one-to-one attention beyond the requirements of their role, or inappropriate sharing of images;

2.7 If abuse is suspected or disclosed

When a child makes a disclosure to a member of staff, that member of staff will:

- Reassure the child that they were not to blame and were right to speak out;
- Listen to the child but not question them or ask leading questions;
- Give reassurance that the staff member will take action;
- Record the incident as soon as possible (see Logging an incident below);

2.8 If a member of staff witnesses or suspects abuse, they will record the incident straightaway on **MyConcern**. If a third party expresses concern that a child is being abused, we, as an organisation, will encourage them to contact Social Care directly in the locality where the child lives or to contact the NSPCC. If they do not do so, we will explain that PH Camps is obliged to, and the incident will be logged accordingly.

3. Specific Safeguarding Issues

- 3.1 <u>Child-on-child abuse</u>: Children can abuse other children (often referred to as child-on-child abuse), and staff need to know the importance of challenging inappropriate behaviours between children, that are abusive in nature. These can include:
- Bullying (including cyberbullying, prejudice-based and discriminatory bullying);
- Abuse in intimate personal relationships between children (sometimes known as 'teenage relationship abuse');
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence and sexual assault;
- 3.2 <u>Child Sexual Exploitation (CSE)</u>: Form of abuse that occurs where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual activity, in exchange for something the victim needs or wants.
- 3.3 <u>Child Criminal Exploitation (CCE)</u>: Specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting, or

PH Camps

PH CAMPS

pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

3.4 <u>Domestic Abuse</u>: Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. That abuse can be, but is not limited to, psychological, physical, sexual, financial, or emotional. Children can be victims of domestic abuse. They may also see, hear, or experience the effects of abuse at home and/or suffer domestic abuse.

3.5 <u>Female Genital Mutilation (FGM)</u>: FGM is an illegal, extremely harmful practice and a form of child abuse, and is therefore dealt with as part of our existing safeguarding procedures. All our staff receive training in how to recognise when girls are at risk of FGM or may have been subjected to it. **If FGM is suspected or disclosed, we** will follow the same procedures as set out above for responding to child abuse.

3.6 <u>Mental Health</u>: Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

3.7 **Extremism and radicalisation**: All childcare settings have a legal duty to protect children from the risk of radicalisation and being drawn into extremism. There are many reasons why a child might be vulnerable to radicalisation, e.g.:

- Feeling alienated or alone;
- Seeking a sense of identity or individuality;
- Suffering from mental health issues such as depression;
- Desire for adventure or wanting to be part of a larger cause;
- Associating with others who hold extremist beliefs;

Signs of radicalisation

Signs that a child might be at risk of radicalisation include:

- Changes in behaviour, for example becoming withdrawn or aggressive;
- Claiming that terrorist attacks and violence are justified;
- Viewing violent extremist material online;
- Possessing or sharing violent extremist material;

If a member of staff suspects that a child is at risk of becoming radicalised, they will record any relevant information or observations on **MyConcern** and refer the matter to the DSL.

4. Logging a concern

- 4.1 All information about the suspected abuse or disclosure, or concern about radicalisation, will be recorded on **MyConcern** as soon as possible after the event. The record should include:
 - Date of the disclosure, or the incident, or the observation causing concern;
 - Date and time at which the record was made;
 - Forename, Surname, and date of birth of the child involved;
 - A factual report of what happened. If recording a disclosure, you must use the child's own words or language;
 - Name of the person making the record (all PH Camps staff will report using their individual MyConcern login)
- 4.2 The record will be submitted to the company DSL who will decide on the appropriate course of action.
- 4.3 For concerns about **child abuse**, the DSL will contact the local MASH (Multi Agency Safeguarding Hub) or Social Care First Response Team (Depending on local arrangements) *2.
- 4.4 The DSL will follow up all referrals to Social Care in writing within 48 hours. If a member of staff thinks that the incident has not been dealt with appropriately, they may escalate further themselves through contacting the MASH / Social Care First Response Team directly.
- 4.5 For low level concerns regarding possible **radicalisation**, the DSL will either contact the local safeguarding partnership, the Local Authority Prevent Co-ordinator, or the MASH (Depending on local arrangements).
- 4.6 For more serious concerns the DSL will contact the Police on the non-emergency number (101), or the anti-terrorist hotline on 0800 789 321. For urgent concerns the DSL will contact the Police using 999.

5. Allegations against staff

- 5.1 If anyone makes an allegation of child abuse against a member of staff:
- The allegation will be recorded on **MyConcern**. Any witnesses to the incident should sign and date the entry to confirm it;
- The allegation must be reported to the Local Authority Designated Officer (LADO) and to Ofsted. The LADO will advise if other agencies (e.g., police) should be informed, and PH Camps will act upon their advice. Any telephone reports to the LADO will be followed up in writing within 48 hours;
- Following advice from the LADO, it may be necessary to suspend the member of staff pending full investigation of the allegation;
- If appropriate, PH Camps will make a referral to the Disclosure and Barring Service;

6. Whistleblowing

6.1 All staff should feel able to raise concerns about poor or unsafe practice. General guidance on whistleblowing can be found at: https://www.gov.uk/whistleblowing. NSPCC guidance can also be found at: https://www.nspcc.org.uk/keeping-children-safe/reporting-abuse/report-report-abuse-online/

7. Staff Awareness

7.1 PH Camps promotes awareness and ensures compliance with 'ALL' of its responsibilities around safeguarding and protecting children, through its staff training and regular updates in staff meetings. PH Camps ensures that:

- The Designated Safeguarding Lead has relevant experience and receives appropriate training in safeguarding and the Prevent Duty, and is aware of the Channel Programme and how to access it;
- The Designated person attends Level 3 training every two years;
- ALL staff receive update training on an annual basis and safeguarding is a permanent agenda item al all-staff meetings
- Safe recruitment practices are followed for all new staff;
- All staff have a copy of this **Safeguarding policy**, understand its contents and are vigilant to signs of abuse, neglect or radicalisation;
- All staff are aware of their statutory duties regarding the disclosure or discovery of child abuse, and concerns about radicalisation;
- All staff receive basic training in the Prevent Duty;
- PH Camps's procedures are in line with the guidance in 'Working Together to Safeguard Children (2020)' and staff are familiar with 'What to Do If You're Worried a Child Is Being Abused (2015)'.

8. Use of mobile phones and cameras

8.1 Photographs will only be taken of children with their parents' permission. Only the company camera will be used to take photographs of children at PH Camps, except with the express permission of the manager. Neither staff nor children nor visitors may use their mobile phones to take photographs at PH Camps. For more details see our **Mobile Phone Policy**.

This policy was adopted by: PH Camps	Date: 13/09/2023
To be reviewed: September 2024	Signed: NJ Herbert

Written in accordance with the Statutory Framework for the Early Years Foundation Stage (2021): Safeguarding and Welfare requirements: Child Protection [3.4-3.8] and Suitable People [3.9-3.13].
